

Develop your project like an entrepreneur!

- ✓ **ACCELERATE TIME TO MARKET**
- ✓ **LOWER INVESTMENT**
- ✓ **IMPROVE INTRAPRENEURIAL SKILLS**

PREPARATION

Set your team composition & governance

Team dynamics exercises and methods (Trello, Kan Ban) and internal management contact for validation.

PROBLEM / SOLUTION FIT

How big is your detected opportunity and how to realise it ?

Desirability: We validate your market opportunity through lean canvas, customer journey and test card with your user target.

Feasibility: We provide experts to validate which new technology (AI, VR, Blockchain, Platform, etc.) will help you deliver your solution.

PRODUCT / MARKET FIT

We optimise your product's effectiveness. Then we coordinate a first pilot on early adopters with a mature MVP.

Reach product/market-fit with validation of your business assumptions and first pilot. Get a roadmap to expand your market.

Your key business stakeholders, intrapreneurs

Our two innovation / lean coaches, extra-intrapreneurs
